We notice that a number of our citizens have been sodding their lots in Cemetery and planting flowers, &c., this spring, on the graves of their friends, but it is all labor lost, unless they put up some kind of a fence rough them. The ontside fence is down in one or two places and cattle and hogs go in and out at their pleasure.

New Mosto. - We have received the following new and popular pieces of Music from the publishing house of Root & Cady, 95 Clark street, Chicago:

Uncle Sam's Funeral, (price 25c.); St. Paul Waltz, (25c.); Faust Grand March, (25c); The King of Thule, song at the mor, a Flower Song, (35c.)

We published the words of the first piece a month or two since.

A New Wasning Maching .- Grover's Patent Washing Machine is the best, our better half says, she has ever seen; it washes the clothes perfectly clean, does it rapidly, and does not wear them near so fast, she thinks, as rubbing them on a board. Bed quilts, blankets, &c., are washed clean on this machine, in a short time, with very little more labor than is required to wash a shirt. 'Any woman can

Weed's Celebrated Patent

Never fall to satisfy these who give them athorough trial They possess the merit of simplicity and case of management, so that fifteen minutes instruction will enable and one to use them successfully. The following are some of their points of excellence:

They are simple in construction, easily understood. In some cases it may fail; but usually, I doubt not, eadily adjusted and kept in order without taking it will be very beneficial to those who suffer from

apart or moving a screw. The Tension is superior to any other in use. Un-

They do not break the thread, skip stitches, nor form a chain ridge on the underside of the cloth. They will sew over gathers and seams without breaking the thread, or requiring a change of tension. They use silk, cotton and linen threadequally well.

They are the enly machine using WEED'S PATENT THREAD CONTROLLES. There is no other apparatus for the control of the "Slack Thread" equal to it. Every Machine is Warranted. Familes and Manufacturers will find the "WEED" the most Profitable Machines for use, owing to their always keeping in repair and working order, and their great speed and case of management.

Forty per cent more work can be done in a year's ime on the "WEED" than on any other Machine. WE PUBLICLY CHALLENGE MACHINES OF ANY AND ALL OTHER MANUFACTURE, TO DO AS LARGE A BANGE OF WORK AS CAN EASILY BE DONE ON THESE MACHINES.
